To: The Executive Board of ABATE of Florida, Inc.

From: Danny R. Fish

Subject : Resignation

After serving for 4 years on this board I feel that I have done the best job for ABATE of Fl., as possible with the information and training received. However I can not perform my duties as Vice President with lack of information and lack of communication that has been taking place. I tried to contact Senate Rep Garcia's office and they have yet to return any of my calls. I don't know what kind of game is being played now or by who. But I and done with the games, fits, and bs. I will return all property To ABATE of Florida, Inc. as soon as possible. I will not receive calls on this subject nor will meet with any of executive board, this is FINAL.

Doc I tried to keep people from calling you while you was in Ohio I called the board members my self. Jimmy Les called me Saturday morning and was told by me not to call but send email or a card this was at 9:30 my time, so if anyone was wrong it was Jimmy not Val or myself some people just will not listen.

Best of luck to all

Danny R. Fish
