**Subject:** resignation

At 10:00 am this morning I have resigned my position as President of Abate of Florida, Inc. and as lobbyist, I also want my name stricken from the rolls of Abate of Florida, Inc. I will send my life membership card back immediately upon arriving home. I will get all of Abate's things together and they will be delivered as soon as possible. Danny Fish has also resigned so Bob Alexander is now the State President and will I'm sure do a good job. For those of you that wonder why, I am tired of the games being played on me by board memebbers and people doing it for themsvelves instead of the cause. I thought we were over this but all it took was for me to take care of my dying mother and the games started again.

James D. "Doc" Reichenbach II
